- Designed a comprehensive Citi Shop browser extension for web and mobile, enabling users to save money at over 5,000 merchants.
- Crafted Figma wire-frames, prototypes, and high-fidelity visuals.
- Performed user research/testing to refine and confirm design effectiveness.
- Worked on more than 12 web and mobile products at Citi, both as an individual contributor and as a senior designer.

4site Global LLC / Sr. UI UX Designer

Feb 2020 - Nov 2020 / Austin, TX

- Crafted user-focused web and mobile app interfaces using Figma.
- Collaborated with stakeholders for requirement analysis and design conceptualization.
- Executed user tests to refine design choices and pinpoint enhancement opportunities.
- Produced app store visuals, promotional videos, and icons to maximize app visibility.
- Managed CMS technicalities, ensuring robust performance and accessibility.
- Transformed responsive designs into functional themes and plugins.
- Led front-end troubleshooting to improve navigation and user experience.
- Worked with SEO, marketing team to improve website ranking.

Seven Square Technolabs / UI UX Designer

Jun 2018 - Feb 2020 / Ahmadabad, IN

- Tailored designs to meet client goals with a focus on user experience.
- Engaged with multidisciplinary teams throughout the design phase.
- Developed design specifications, workflows, and visual concepts.
- Innovated design strategies for mobile ecosystems including iOS and Android.
- Utilized Sketch, Figma, and Adobe XD to craft UI elements and mock-ups.
- Generated wireframes and prototypes with Figma and Sketch.
- Crafted and coded adaptive WordPress themes and plugins with web technologies.
- Coordinated with UI developers to refine navigation and user interfaces.
- Partnered with SEO/marketing to boost online visibility.
- Ensured accessibility with WCAG guidelines.

Space-O Technologies / Sr. Web Designer

Apr 2012 - Feb 2018 / Ahmadabad, IN

- Created WCAG compliance websites and mobile apps.
- Coordinated with the team to troubleshoot front-end issues in navigation and experience.
- Documented style guidelines to keep the design consistent across the team.
- Redesigned internal web templates and responsive design.
- Managed templates, brand consistency, and design elements for the company main products.
- Created responsive web pages using Bootstrap, HTML, CSS, and JavaScript.
- Collaborated with cross functional team to troubleshoot UX problems and improve user engagement.
